J. C. Rockwell's "Sunny South" Company

There are few more popular theatrical attractions on the road than the J. C. Rockwell "Sunny South" company, which will be held in the town hall, Morrisville, Wednesday evening, Nov. 24. The "Sunny South," although billed under its old title, is, nevertheless, a brand new performance from the rise to the final fall of the curtain. This season Mr. Rockwell claims to have the newest, freshest, most artistic and thoroughly equipped colored show ever sent on tour. He backs his claim and arrests public attention by presenting a musical performance that has more original ideas and up-to-the-minute novelties than any similar attraction. As on its former visits, it will be found to be clean to a fault and during the entire performance there is not a line, an action or an insinuation to which exception can be taken. The fun, which will be handed over the foot-lights, is all new and needs no arrow to point the way to the laughs. It is bristling with new, novel and entertaining features and it is brim full of laughable situations, bright and catchy music, together with several specialties of the better class, which will make the audience sit up and take notice. It is a musical show, wedded to the most tuneful music one would care to listen to, full of ginger and life, with not a dull moment from beginning to end. It is a clean-cut and finished performance and is bound to please those who enjoy good clean comedy, pleasant musical numbers and clever vaudeville stunts, at the same time being free from the horse play usually seen in performances of this kind.

The organization is accompanied by a solo concert band and an excellent orchestra. The "Koonstown" parade, a decided novelty, takes place at noon. The prices of admission have been placed at 35 and 50 cents.

Seats are now selling at Cheney's Pharmacy. Will also appear in Stowe on Thanksgiving Day, Nov. 25. Seats are now selling at Drug Store.—Adv.

For any itchininess of the skin, for skin rashes, chaps, pimples, etc., try Doan's Ointment, 50c at all drug stores.—Adv.

MRS. ERWIN J. WRIGHT

Remains Brought Here From Wakefield, Mass., last Thursday Morning

The remains of Mrs. Erwin J. Wright, whose death was announced in this paper last week, arrived here last Thursday morning and the funeral was held from the Methodist Episcopal church in the afternoon at two o'clock, Rev. W. T. Best officiating. The service was well attended by friends and relatives of the family, who were former residents here, and there was a profusion of flowers from both Wakefield and Morrisville friends. Two solos, "The Christian's Goodnight" and "We'll All Meet at Home," were beautifully rendered by Mrs. G. E. Smith. Interment was in the family lot in Pleasant View cemetery. Mrs. Wright, a daughter of Mr. and Mrs. H. S. Haskins, was born in Garfield Nov. 5, 1874. Her parents moved to Morrisville when she was about 15 years of age and she attended school here. She was united in marriage to Erwin J. Wright Dec. 23, 1890. She was a Christian woman and a devoted wife and mother and her death is mourned by many here, who extend deepest sympathy to the bereaved family. When a resident in Morrisville she was a member of the Methodist church and J. M. Warner W. R. C.

The following was taken from a Wakefield, Mass., paper of last week Tuesday: Mrs. Carrie Viola Wright, wife of Erwin J. Wright, a motorman on the Bay State Road, passed away about 7 o'clock last evening, after a lingering illness of three years, at her home on 106 North avenue.

Prayers will be said at the house at 2:30 o'clock Wednesday afternoon, after which the body will be sent to Morrisville, Vt., her father's birthplace, for funeral and interment.

Mrs. Wright had lived in Wakefield about eight years and was a member of the Methodist church, the Methodist Ladies' Aid Society, the Women's Relief Corps and the Auxiliary to the Carman's Union.

Besides her husband, she leaves two sons, Eric E. and Roy H., the latter well-known as a Y. M. C. A. and high school athlete; a daughter, Mrs. Charles M. Cheever; her mother, Mrs. Ida Haskins, and sister, Miss Gertrude Haskins, all of Wakefield, and four half sisters—Mrs. Frances Magoon of Montpelier, Vt., Mrs. R. H. Lyon of Seattle, Wash., Mrs. Lizzie E. Smith of Chelsea, Vt., and Mrs. Minnie Vos of Spring Lake, Mich.

Mr. Wright and sons, Mr. and Mrs. Charles M. Cheever, Mrs. H. S. Haskins and Miss Gertrude Haskins accompanied the remains here and were entertained at the home of Mr. and Mrs. George H. Prior.

CARD OF THANKS—We wish to extend our sincere thanks to the many friends for their many acts of kindness and sympathy in the death of our beloved one; also to the singers and those who sent the beautiful floral contributions.—Erwin J. Wright, Eric E. Wright, Roy H. Wright, Mr. and Mrs. Charles M. Cheever, Mrs. H. S. Haskins, Miss Gertrude Haskins.

Little Things Make Trouble.

Usually little things bring the most unexpected trouble. There is nothing except air inside a rubber ball. But if you play with it too recklessly, it is more apt than anything which I know to bound back and hit yourself.—George L. Raymond.

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood.

If the blood is very impure, the bones become diseased; the muscles become enfeebled, the step loses its elasticity, and there is inability to perform the usual amount of labor. The skin loses its clearness, and pimples, blotches and other eruptions appear.

Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula and other humors, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. Be sure to get Hood's and get it today. All druggists.

Opening Volcanoes With Canes.

Sailing across the bay of Naples, past the spot where the notable city of the present day is situated, our travelers came to Puteoli, or Pozzuoli, as it is now called, at present a decadent suburb of Naples.

This miserable and dirty town of some 10,000 inhabitants, as it now is, is connected by trolley and steam railway with Naples and is often visited by the modern tourist who wishes to see the remains of the ancient temples and amphitheater and the mighty mole, which still tell of the ancient glories of Puteoli.

Near by, too, is the volcanic field of Solfatara, not a mountain, but a flat plain, the crater of a low volcano, into which one can thrust his cane in many places and find smoke and sulphurous vapor issuing from the hole as he withdraws it. Probably there are few more dreary or disreputable places in Italy than this modern suburb of Naples. It has not the ragged picturesque quality which somewhat redeems the worst slums of Naples, but is a squalid, unwholesome town of the worst type.—Christian Herald.

Virus and Venom. The difference between venom and a virus is very marked. Both are poisons and both of organic origin, but a venom is produced in secreting organs, commonly called poison glands, and is introduced into the system by means especially adapted for the purpose, such as stings or fangs. On the other hand, a virus is the result of disease or putrefaction and generally possesses the property of exciting in the system into which it is introduced the disease which produced the virus. A virus commonly produces little if any local disturbance. A venom generally causes great pain, often severe inflammation and swelling. Venom has marked local effect. Virus causes a general disturbance of the system.

Cause for Suspicion. Somebody has discovered the nam omelet is a fine restorer when taken at breakfast the morning after a night out. But isn't this calculated to bring the nam omelet under suspicion in well-regulated families.—Cleveland Plain Dealer.

Humorous Object. Perhaps the funniest thing in the world is the Indignant Subscriber who says to a reporter: "Hereafter you will never again use my name in print."—Atchison Globe.

Prin. Reynolds was a business visitor in Boston last Friday.

Last Friday evening the Sophomores gave a social at the Academy Hall. The program consisted of a farce entitled "Monsieur," which was very well done by members of the class, also dancing and marching. The feature of the evening was the "Marshmallow Linge," which caused much amusement. Refreshments of ice cream and wafers were served.

"PYRAMUS AND THISBE"

"Pyramus and Thisbe," an interlude from "A Midsummer Night's Dream," was presented by the third year English class last Friday morning in Academy Hall. Following is the cast:—Pyramus, Raymond Warren, '17; Thisbe, Ellis Bridge, '16; Wall, George Ward, '17; Moonshine, Raymond Ellis, '17; Lion, '17; Presenter, Freda Noble, '17.

Mr. Warren took the part of Pyramus with much fire and spirit. Mr. Bridge made a very dainty and pathetic Thisbe. As Wall, Mr. Ward was exceptionally solid, while the brilliancy of Mr. Ellis as the gleaming moon, cast much shadow on the entire cast. The roaring Lion was well represented by Mr. Montgomery, who played the part with all the nerve which was its due. On the whole, the play proved very satisfactory to a large and critical audience.

Belt Buckle Saves Life.

John Irato of 150 St. Ann avenue, The Bronx, while painting one of the bridges of the Harlem river branch of the New Haven railroad near Beechwood avenue, New Rochelle, came in contact with one of the electric wires charged with 11,000 volts that supplies power to the electric trains.

Flame was seen to spurt apparently from his body to the steel upright near which he stood. He fell to the ground got up and walked away. He was taken to the New Rochelle hospital against his will, where it was found that he was out about the face and that there was a slight burn on one shoulder.

It was discovered that the electric current had passed out of his body through the point of his belt buckle, which was open, without injuring him.

Doing Somebody Good.

A traveling man who came this way recently goes to the post office of every town he makes and inquires about the letters which are held for postage. He pays the shortage and sends the letter on to the addressee. He says that he feels that he is doing somebody good, and he considers this a fine way to show real charity without letting his left hand know what his right hand doeth.

Ancient Egypt.

There are no statistics for the population of ancient Egypt. Herodotus says that in the reign of Amasis the number of inhabited cities was not less than 20,000. Amasis reigned somewhere about 525 B. C. The number of cities given by Herodotus is held to be impossible. Authorities on ancient Egypt are Maspero, Champollion, Flinders Petrie, and Rawlinson. The Encyclopedia Britannica has an exhaustive article on the subject.

Novelist Was Haitian.

It is a strange fact that the turbulent and primitive land of Haiti should produce Alexander Dumas, the world's greatest writer of adventure stories, an artist of high attainments and a great personality. He was born in Haiti of native and white blood.

For Success on the Stage.

"To succeed on the stage," says a woman who knows, "there are four requisites. First, the temper of an angel, second, the face of a Greek goddess, third, the figure of a Gaby Deslys, and, fourth, the skin of a rhinoceros."
